OFFICE RENTALS

Mailbox

As work environments continue to evolve, we know that not everyone needs a physical office space. By renting a mailbox with District Bridges, you have access to a street address for business filings or government compliance. All mailboxes are located in the vestibule of our office space and are accessible using a keypad.

Flex Desk

Need a business address, and also want the benefit of being able to work with less at-home distractions in a colorful space designed for focus, inspiration, and collaboration? With a Flex Desk, we provide everything you need, from bookable meeting space to high-speed Wi-Fi and printing services.

Dedicated Desk

Ready to claim your space? A Dedicated Desk provides you with a desk of your own in shared space. Enjoy all the perks of our community space - high-speed Wi-Fi, printing services, and meeting rooms - to collaborate as well as a spot to call home.

MEETING AND EVENT RENTALS

Flexible, Affordable Spaces for Your Gathering

Whether you're hosting regular meetings, a series of workshops, or one-off events, our colorful space can transform to suit your needs.

Our conference room can accommodate 2-12 depending on configuration for meetings, presentations, etc. Our common space can accommodate up to 100, again depending on configuration.

Bookings come with high-speed Wi-Fi, access to folding chairs, rectangular tables, gender-neutral bathrooms, and a kitchenette, and support amenities like vendor sourcing and A/V equipment are available for an additional fee.

The spaces are available anytime, though there is an increased cost for bookings outside of our normal office hours (9am-5pm). Both our meeting space and common area have a minimum rental time of 2 hours.
