A CIVIC PLAZA FOR ALL

Under a grant from NACTO and in collaboration with DDOT, District Bridges' Columbia Heights Main Street program launched a 5 month pilot program to reactivate the Columbia Heights Civic Plaza for the entire community to enjoy. The program included bringing resources for neighbors who are unhoused or experiencing substance use disorder, implementing a new outdoor dining area, providing free community outdoor fitness classes and activities, hosting bicycle maintenance pop-ups, installing a bike maintenance station, and organizing monthly cultural events. The pilot will continue into FY22 through earmarked funds from DC Ward 1 Councilmember Brianne Nadeau.
